WMF I400F

Cup Rack/Warmer

Easy Specialty Beverages

Easy and Authentic Espresso, Cappuccino, Latte, Americano, Hot Chocolate and Mocha beverages in regular or decaf, can be prepared with a push of the button on the WMF 1400. Consistency is ensured with the proven WMF combi spout, and even easier to clean with automatic cleaning and removable hoppers. Compact, Efficient, Capable, and Reliable, the WMF I400.

- Fresh Espresso Bean to Cup
- Fresh Milk Automatically
- Labor Savings
- Portable or Permanent Install
- Unlimited LED Colored Lighting

Flexible

The all in one, combi-spout for any beverage

No matter the cup size or the beverage, just place the cup under the adjustable spout and press the button. The spout allows cups, mugs, pots and jugs from 2.8" - 7.25" tall to be filled. One push and it is done. Perfect for self-service or staff operated.

Modular

Multiple Solutions to fit any application

- 2 Whole Bean Grinders
- 2 Grinders with Chocolate
- 2 Grinders with Choc/Milk

Efficient

Easy Maintenance

Brewing unit is easily removable with no tools, for cleaning or basic maintenance. No tech necessary!

Easy

Automatic Daily Cleaning

Hard to clean espresso equipment is a thing of the past! With the WMF 1400, utilizing the patented Plug & Clean feature allows the user to **automatically** clean the entire milk system using steam and hot water! (available on systems with a water connection)

Practical

Touch Screen & Tempered Glass Touch Panel

Touch pad allows for easy beverage production, accounting and machine feedback. A tempered glass- touch panel is easy to clean and easy to custom label for your beverage selections. Up to 12 beverage varieties can be programmed.
